

Fortune-100 Energy Company Selects Tevron for its APM requirements

CitraTest APM selected as the best of breed solution

Nashua, NH. USA - December 22, 2010 – Tevron, the leader in IT performance and availability monitoring solutions, announced today that one of the nation's largest combination utilities providing electric and natural gas service to over 7 million customers, deployed a 575 desktop configuration of CitraTest APM (<http://www.tevron.com/citratest-apm.asp>) for the monitoring and testing of their call center SAP infrastructure hosted via Citrix.

Tevron was selected based on its powerful & flexible IT monitoring technology that fully supports their very complex SAP and Citrix environment. Having one solution that intelligently supports this environment is invaluable. Unlike the products from other vendors, Tevron offers a tightly integrated, simplified and scalable solution that meets the needs of their business.

About Tevron (<http://www.tevron.com>)
