

## **One of the World's Largest Automobile Manufacturers Selects Tevron for its Global ETE Application Monitoring Requirements**

*CitraTest APM selected as the best of breed solution*

**Nashua, NH. USA - March 25, 2014** – Tevron, the leader in IT performance and end to end monitoring & testing solutions, announced today that one of the world's largest automobile manufacturers deployed CitraTest APM (<http://www.tevron.com/citratest-apm.asp>) across their Global locations for the active end to end monitoring based on the real user experience. They have over 333,000 employees worldwide.

Tevron was selected based on their powerful & flexible IT monitoring & testing technology that fully supports their very complex applications and environments (Windows 8, Windows 7, Citrix, Web, Adobe, VMWare). Being able to actively measure the end user experience 24x7x365, for every application, from every location across the globe is invaluable. Unlike the products from other vendors, Tevron offers a tightly integrated, simplified and scalable solution that meets the needs of their complex business and their ever changing technologies.

### **About Tevron (<http://www.tevron.com>)**
